Our Bureau

Mumbai, June 29 MetLife India Insurance announced on Wednesday that in 2010-11 it has posted its first ever profit of Rs 35.35 crore in 10 years of operation. In 2009-10, the private insurer had recorded a net loss of Rs 274.82 crore.

The strong performance is on the back of improved operational efficiency and better sales planning, besides persistency and robust risk management which led to reduced claims. Moreover, a dynamic product mix with a strong focus on traditional products also helped MetLife turn profitable, the company said.

A YEAR AHEAD

"I am glad that we have achieved a break-even a year ahead of our plan. We have been able to balance our growth with profitability despite the uncertainty in the sector and this can be attributed to our healthy product mix and operational efficiency initiatives," said Mr Rajesh Relan, Managing Director and CEO, MetLife (India).

The company saw total revenues drop to Rs 2,615.13 crore for the financial year ended March 31, 2011, from

Rs 2,627.63 crore in the previous financial year. While new business premium declined by 33.49 per cent owing to the market conditions, renewal income witnessed a 22 per cent jump to Rs 1,801.95 crore.

Mr Relan added, "We are in discussion with leading banks and other financial institutions to expand our distribution, while we continue to improve the productivity and efficiency of our agency business."

Operating expenses, declined 17 per cent to Rs 563.84 crore, while MetLife India's solvency ratio improved to 1.69 from 1.65. As on March 31, 2011, assets under management stood at Rs 7,851.46 crore.

PRODUCT MIX

The company's mix of traditional products comprises close to 50 per cent of its product portfolio, compared with less than 10 per cent for rest of the private players (Life), the company said.

MetLife India Insurance is an affiliate of MetLife, Inc. and was incorporated as a joint venture between MetLife International Holdings, The Jammu and Kashmir Bank, M. Pallonji and Co. and other private investors.
